Service Level Agreement for Facility Management Services Lump Sum Basis All Facility Management Services related Contracts/ Agreement placed through GeM shall be governed by following set of Terms and Conditions: 1. General terms and conditions for Services ("GTC");			

2. Service Specific Terms and Conditions ("STC") of the Services contracts shall include the Service Level Agreement ("SLA") for the service;
3. BID / Reverse Auction specific Additional Terms and Conditions ("ATC") as specified by the Buyer.

The above terms and conditions are in reverse order of precedence i.e. ATC supersedes Service specific STC which supersede GTC, whenever there are any conflicting provisions. The above set of terms and conditions along with scope of work and SLA as enumerated in the document shall be construed to be part of the Contract between the Buyer and the Service Provider. The service will be provided in bid only mode.

1 Objectives and Goals

The objective of this Agreement is to ensure that all the commitments and obligations are in place to ensure consistent delivery of services to the Buyer by the Service Provider. The goals of this Agreement are to:

- i. Provide clear reference to service ownership, accountability, roles and responsibilities of both parties
- ii. Present a clear, concise and measurable description of services offered to the Buyer
- iii. Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with conditions specified
- iv. To ensure that both the parties understand the consequences in case of termination of services due to any of the stated reasons

The Agreement will act as a reference document that both the parties have understood the above-mentioned terms and conditions and have agreed to comply by the same. The Agreement can also be revised/ modified on mutual consent of the stakeholders.

2 Parties to the Agreement

The main stakeholders associated with this Agreement are below-

- i. **Buyer:** The Buyer is responsible to provide clear instructions, approvals and timely payments for the services availed
- ii. **Service Provider:** The Service Provider is responsible to provide all the required services in timely manner. The Service Provider may also include seller, any authorized agents, assignees, successors and nominees as described in the Agreement

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses service level/ deductions in case of non-adherence to the defined terms and conditions. It is assumed that all stakeholders have read and understood the same before signing the document.

नियम और शर्तें Terms and Conditions		

1. Special terms and conditions- Version:1 effective from 12-04-2023

- 1.1
1. All Provisions of Drugs and Cosmetics Act, 1940 and Rules made there under as amended till date will always be applicable. This will include all notifications issued by Central Drugs Standard Control Organization (CDSCO), Ministry of Health & Family Welfare (MoHFW) and Department of Pharmaceuticals (DOP), Ministry of Chemicals & Fertilizers time to time in this regard.
 2. The sellers are registered on GeM based on self-declaration of valid Drug License, product certification, test reports etc. However, buyers must check and validate the details at their end for all applicable licenses and certifications e.g., validity and authenticity/genuineness of drug license, product certification, manufacturer certification/licenses, test reports etc.
 3. In case of authorized resellers/distributors, it will be the responsibility of the manufacturer to ensure that their resellers/distributors are operating in compliance with all relevant laws and regulations and are properly licensed to sell the manufacturer's products, including verifying the validity and authenticity of drug license held by them. All legal & regulatory liability in respect of the offered/supplied product shall be totally of both manufacturer and reseller/distributor.
 4. Any other Terms and Conditions which is not included or at variance with the conditions specified in STC/GTC, may be added by the buyer through Additional Terms and Conditions (ATC) in the bid to ensure items are procured from authentic/validated source with appropriate and applicable quality. The above terms and conditions are in reverse order of precedence i.e. ATC shall supersede specific STC which shall supersede General Terms and Conditions ("GTC"), whenever there are any conflicting provisions.
 5. Comprehensive warranty: Comprehensive warranty shall include preventive maintenance including calibration as per technical/ service /operational manual of the manufacturer, service charges and spares. During the warranty period commencing from date of the successful completion of warranty period, Service personnel shall visit each consignee site as recommended in the manufacturer's technical/ service /operational manual, at least once in six months. warranty shall not be including the consumables. Further there will be 98% uptime warranty during warranty period on 24 (hrs) X 7 (days) X 365 (days) basis, with penalty, to extend warranty period by double the downtime period.
 6. Service centres: Details of Service outlets in India to render services for equipment to be furnished to buyer/consignees with complete address, telephone numbers, e mails etc at time of making the supplies. It shall be the responsibility of seller to ensure that authorized service centres are available to cater to the areas where supplies are made within reasonable distance from where the service calls can be handled. Details of toll-free numbers for service call and online registration of service requests also to be provided buyer/consignee at the time of supplies.
 7. Source of supply: It shall be responsibility of seller to provide Documents regarding source of equipments such as copy of Performa invoice or any other documents to establish that the products supplied are manufactured by OEM indicated and sourced from them.
 8. Packing and Marking: Medical equipments being very delicate and sensitive packing for the goods should be strong and durable enough to withstand transit including transshipment (if any), rough handling, open storage etc. without any damage, deterioration etc. .The size, weights and volumes of the packing cases, remoteness of the final destination of the goods, availability or otherwise of transport and handling facilities at all points during transit up to final destination,. Quality of packing, the manner of marking within & outside the packages and provision of accompanying documentation shall take into consideration the type of medical equipments being supplied. The accessories shall be suitably labelled and packed. Each of the package shall be marked on three sides with indelible paint of proper quality: indicating contract number and date, brief description of goods including quantity, Packing list reference number, country of origin of goods and any other relevant details.
 9. Spare Parts: Seller shall provide materials, information etc. pertaining to spare parts manufactured and supplied by the OEM. It shall be ensured that the required spares are available for purchase at least for 10 years from date of supplies. In case due to any reasons the production of the spare parts is discontinued sufficient advance notice should be given to the buyer/consignee before such discontinuation to provide adequate time to purchase the required spare parts etc. Further, OEM and their service centres/dealers shall carry sufficient inventories to assure ex-stock supply of consumables and spares for the equipments so that the same are available.
- OEM or reseller shall always accord most favoured client status to the buyer/consignee and shall give the most competitive price for spares and consumables of its machines/equipments supplied.

Service Level Agreement for Facility Management Services Lump Sum Basis All Facility Management Services related Contracts/ Agreement placed through GeM shall be governed by following set of Terms and Conditions: 1. General terms and conditions for Services ("GTC");			

2. Service Specific Terms and Conditions ("STC") of the Services contracts shall include the Service Level Agreement ("SLA") for the service;
3. BID / Reverse Auction specific Additional Terms and Conditions ("ATC") as specified by the Buyer.

The above terms and conditions are in reverse order of precedence i.e. ATC supersedes Service specific STC which supersedes GTC, whenever there are any conflicting provisions. The above set of terms and conditions along with scope of work and SLA as enumerated in the document shall be construed to be part of the Contract between the Buyer and the Service Provider. The service will be provided in bid only mode.

1 Objectives and Goals

The objective of this Agreement is to ensure that all the commitments and obligations are in place to ensure consistent delivery of services to the Buyer by the Service Provider. The goals of this Agreement are to:

- i. Provide clear reference to service ownership, accountability, roles and responsibilities of both parties
- ii. Present a clear, concise and measurable description of services offered to the Buyer
- iii. Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with conditions specified
- iv. To ensure that both the parties understand the consequences in case of termination of services due to any of the stated reasons

The Agreement will act as a reference document that both the parties have understood the above-mentioned terms and conditions and have agreed to comply by the same. The Agreement can also be revised/ modified on mutual consent of the stakeholders.

2 Parties to the Agreement

The main stakeholders associated with this Agreement are below-

- i. **Buyer:** The Buyer is responsible to provide clear instructions, approvals and timely payments for the services availed
- ii. **Service Provider:** The Service Provider is responsible to provide all the required services in timely manner. The Service Provider may also include seller, any authorized agents, assignees, successors and nominees as described in the Agreement

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses service level/ deductions in case of non-adherence to the defined terms and conditions. It is assumed that all stakeholders have read and understood the same before signing the document.

Service Level Agreement for Facility Management Services
 Lump Sum Basis

All Facility Management Services related Contracts/ Agreement placed through GeM shall be governed by following set of Terms and Conditions:

1. General terms and conditions for Services ("GTC");
2. Service Specific Terms and Conditions ("STC") of the Services contracts shall include the Service Level Agreement ("SLA") for the service;
3. BID / Reverse Auction specific Additional Terms and Conditions ("ATC") as specified by the Buyer.

The above terms and conditions are in reverse order of precedence i.e. ATC supersedes Service specific STC which supersede GTC, whenever there are any conflicting provisions. The above set of terms and conditions along with scope of work and SLA as enumerated in the document shall be construed to be part of the Contract between the Buyer and the Service Provider. The service will be provided in bid only mode.

1 Objectives and Goals

The objective of this Agreement is to ensure that all the commitments and obligations are in place to ensure consistent delivery of services to the Buyer by the Service Provider. The goals of this Agreement are to:

- i. Provide clear reference to service ownership, accountability, roles and responsibilities of both parties
- ii. Present a clear, concise and measurable description of services offered to the Buyer
- iii. Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with conditions specified
- iv. To ensure that both the parties understand the consequences in case of termination of services due to any of the stated reasons

The Agreement will act as a reference document that both the parties have understood the above-mentioned terms and conditions and have agreed to comply by the same. The Agreement can also be revised/ modified on mutual consent of the stakeholders.

2 Parties to the Agreement

The main stakeholders associated with this Agreement are below-

- i. **Buyer:** The Buyer is responsible to provide clear instructions, approvals and timely payments for the services availed
- ii. **Service Provider:** The Service Provider is responsible to provide all the required services in timely manner. The Service Provider may also include seller, any authorized agents, assignees, successors and nominees as described in the Agreement

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses service level/ deductions in case of non-adherence to the defined terms and conditions. It is assumed that all stakeholders have read and understood the same before signing the document.

3 Scope of Services

एसएलए विवरण SLA Details Service Level Agreement for Facility Management Services Lump Sum Basis																																							

All Facility Management Services related Contracts/ Agreement placed through GeM shall be governed by following set of Terms and Conditions:

1. General terms and conditions for Services ("GTC");
2. Service Specific Terms and Conditions ("STC") of the Services contracts shall include the Service Level Agreement ("SLA") for the service;
3. BID / Reverse Auction specific Additional Terms and Conditions ("ATC") as specified by the Buyer.

The above terms and conditions are in reverse order of precedence i.e. ATC supersedes Service specific STC which supersede GTC, whenever there are any conflicting provisions. The above set of terms and conditions along with scope of work and SLA as enumerated in the document shall be construed to be part of the Contract between the Buyer and the Service Provider. The service will be provided in bid only mode.

1 Objectives and Goals

The objective of this Agreement is to ensure that all the commitments and obligations are in place to ensure consistent delivery of services to the Buyer by the Service Provider. The goals of this Agreement are to:

- i. Provide clear reference to service ownership, accountability, roles and responsibilities of both parties
- ii. Present a clear, concise and measurable description of services offered to the Buyer
- iii. Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with conditions specified
- iv. To ensure that both the parties understand the consequences in case of termination of services due to any of the stated reasons

The Agreement will act as a reference document that both the parties have understood the above-mentioned terms and conditions and have agreed to comply by the same. The Agreement can also be revised/ modified on mutual consent of the stakeholders.

2 Parties to the Agreement

The main stakeholders associated with this Agreement are below-

- i. **Buyer:** The Buyer is responsible to provide clear instructions, approvals and timely payments for the services availed
- ii. **Service Provider:** The Service Provider is responsible to provide all the required services in timely manner. The Service Provider may also include seller, any authorized agents, assignees, successors and nominees as described in the Agreement

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses service level/ deductions in case of non-adherence to the defined terms and conditions. It is assumed that all stakeholders have read and understood the same before signing the document.

Service Level Agreement for Facility Management Services
Lump Sum Basis

All Facility Management Services related Contracts/ Agreement placed through GeM shall be governed by following set of Terms and Conditions:

1. General terms and conditions for Services ("GTC");
2. Service Specific Terms and Conditions ("STC") of the Services contracts shall include the Service Level Agreement ("SLA") for the service;
3. BID / Reverse Auction specific Additional Terms and Conditions ("ATC") as specified by the Buyer.

The above terms and conditions are in reverse order of precedence i.e. ATC supersedes Service specific STC which supersede GTC, whenever there are any conflicting provisions. The above set of terms and conditions along with scope of work and SLA as enumerated in the document shall be construed to be part of the Contract between the Buyer and the Service Provider. The service will be provided in bid only mode.

1 Objectives and Goals

The objective of this Agreement is to ensure that all the commitments and obligations are in place to ensure consistent delivery of services to the Buyer by the Service Provider. The goals of this Agreement are to:

- i. Provide clear reference to service ownership, accountability, roles and responsibilities of both parties
- ii. Present a clear, concise and measurable description of services offered to the Buyer
- iii. Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with conditions specified
- iv. To ensure that both the parties understand the consequences in case of termination of services due to any of the stated reasons

The Agreement will act as a reference document that both the parties have understood the above-mentioned terms and conditions and have agreed to comply by the same. The Agreement can also be revised/ modified on mutual consent of the stakeholders.

2 Parties to the Agreement

The main stakeholders associated with this Agreement are below-

- i. **Buyer:** The Buyer is responsible to provide clear instructions, approvals and timely payments for the services availed
- ii. **Service Provider:** The Service Provider is responsible to provide all the required services in timely manner. The Service Provider may also include seller, any authorized agents, assignees, successors and nominees as described in the Agreement

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses service level/ deductions in case of non-adherence to the defined terms and conditions. It is assumed that all stakeholders have read and understood the same before signing the document.

Product Specification for ARKRAY 150 (Minimum Samples The Analyser Is Capable To Analyse) High Performance Liquid Chromatography (Hplc) System

विनिर्देश Specification	उप-विनिर्देश Sub-Spec	मूल्य Value
Set 1	Configuration & Usage of the system:	Automated & Integrated system dedicated to HbA1c, Thalassaemia and Hemoglobinopathy testing and screening based on HPLC technology.
	System has ability to screen and quantitate hemoglobins Hb A2, Hb A, Hb F and Hb A1c:	Yes
	System has ability to detect the most commonly occurring abnormal hemoglobins like Hb S, Hb D, Hb E, Hb C, Hb Q-India and other rare abnormal hemoglobins:	Yes
	HPLC system shall be supplied with complete ready to use kit with Buffers in transparent plastic tanks to view the level of buffers ; columns, primers, calibrators & sample vials:	Yes
	Sample Throughput time per sample :	Lesser than 7 minutes per sample (Assay time for HbA1c testing: <= 4 minutes, Assay time for A2/F/A1c testing: <= 6.5 minutes)
	Number of samples the Analyser is capable to analyse (minimum), concurrently:	150
	HPLC equipment shall be supplied with an offline CD-ROM which should be a searchable database with approximately 800 chromatograms of fully classified abnormal hemoglobins and Thalassemias:	Yes
	HPLC System have in-kit external standards for instrument calibration ensuring accurate quantitation of results:	Yes
	HPLC system contains Low pulsation dual piston pump with programmable solvent delivery system:	Yes
	Availability of a bi-directional Laboratory Interface System (LIS):	Yes
	Alarm Facility:	Have a visible alarm system for low buffer in the mobile phase reservoirs, low level value for cartridge injections and overflow for the waste tank, as well as built in alarms for calibration failure.
	Sample identification; HPLC system is capable of positive sample identification using a Barcode reader:	No
	HPLC system have an inbuilt system check facility which checks that all the system parameters (eg, cartridge, buffer, reagent, waste etc) are ready before the sample analysis:	Yes
	HPLC system the facility of primary tube sampling and direct dilution of the samples without manual intervention:	Yes
	HPLC system have a dual program mode to perform either HbA1c or HbA2/Hb F/HbA1c without changing any reagents or columns:	Yes
	HPLC system should not require changing of reagents while switching from HbA1c to HbA2/Hb F/HbA1c testing mode:	Yes
	HPLC system should be able to detect correct A1c values in presence of abnormal Hemoglobin variants like HbD, HbE, HbS & HbC:	Yes
	HPLC System offers both NGSP & IFCC value reporting on the same patient report, control & calibrator report:	Yes
	Has facility to print a hard copy report giving identification and information on the subtype and quantity of hemoglobins detected, to view current and stored chromatograms & should enable storage of chromatograms:	Yes
	Data Storage & accessibility:	80 GB (at least) hard disk with a remote data access feature when connected to LAN or Intranet.
	For tHPLC System shall be supplied with Seller's commitment to provide normal and abnormal controls for Hb A2, Hb F and Hb S and provide quality control program to help compare results with similar users worldwide:	Yes
	Availability of external quality assurance service (EQAS) for Hemoglobin variants and offline library of chromatograms for result interpretation:	Yes
	Availability of Software and capability for real time viewing of the analysis of the sample:	Yes
	If the HPLC system have feature of capillary collection kit for remote sample	

	collection with sample stability at 2-8 degree C for 14 days:	Yes
Certifications	HPLC System is NGSP (National Glycohemoglobin Standardisation Program) Certified and traceable to IFCC reference method:	Yes
	Whether the product is US FDA certified:	No
	Whether the product is CE European certified:	Yes

Automated HPLC system, dedicated to thalassemia and Hemoglobinopathy testing and screening		
The system should be able to screen and quantitate haemoglobin HbA1c, HbA2, HbA and Hb		

F and detect the most commonly occurring abnormal haemoglobin like HbS, HbD HbE, HbC, HbQ India, HbD-Iran and other rare abnormal haemoglobins in a single chromatograph.

The system should have the provision of presumptive identification of Hb Barts and HbH and various alpha chain variants like Hb J Meerut, Hb Q India, etc.

Unit Should be able to process 100 samples at a time and with a testing time less than 3.5 minutes per test

The company should have an installation base in India and should be able to provide the relevant product and service support.

The system should have spinning of vacutainer before aspiration to avoid improper sampling.

The system should have automatic barcode positioning facility.

Complete ready to use kit should be provided with Buffers in Aluminium packs; columns, primers, calibrators and sample vials.

The reagents and Consumables should be available in individual packs for purchasing separately.

The system should have an on-board QC menu capable of storing the quality control data and printing the standard deviation and coefficient of variation values.

The company should provide normal and abnormal third-party controls for HbA2, HbF and HbS and provide External Quality Assurance Scheme (EQAS) to help computer results with similar users worldwide.

It should have a built-in column thermostat for reproducibility of results.

The HPLC should have a dual piston pump so that each elution buffer has a different pump and the buffers work efficiently.

The system should have Built in printing facility.

The column should give minimum 5000 Tests.

System should be certified by NGSP / CE.

The system should have special rack for Anaemic sample testing.

There should be an off line library of Chromatograms for interpretation.

The system should have interfacing software.

The system should have ON BOARD reagent management system.

Separate racks for Calibration, hemolysing sample.

Provision for continuous loading should be there.

The column should give minimum 5000 Tests.

Complete ready to use kit should be provided with Buffers in Aluminium packs; columns, primers, calibrators and sample vials.

Warranty- 5 years from the date of supply.

System should be supplied with consumables for minimum 5000 tests.

एसएलए विवरण SLA Details Service Level Agreement for Facility Management Services Lump Sum Basis																	

All Facility Management Services related Contracts/ Agreement placed through GeM shall be governed by following set of Terms and Conditions:

1. General terms and conditions for Services ("GTC");
2. Service Specific Terms and Conditions ("STC") of the Services contracts shall include the Service Level Agreement ("SLA") for the service;
3. BID / Reverse Auction specific Additional Terms and Conditions ("ATC") as specified by the Buyer.

The above terms and conditions are in reverse order of precedence i.e. ATC supersedes Service specific STC which supersede GTC, whenever there are any conflicting provisions. The above set of terms and conditions along with scope of work and SLA as enumerated in the document shall be construed to be part of the Contract between the Buyer and the Service Provider. The service will be provided in bid only mode.

1 Objectives and Goals

The objective of this Agreement is to ensure that all the commitments and obligations are in place to ensure consistent delivery of services to the Buyer by the Service Provider. The goals of this Agreement are to:

- i. Provide clear reference to service ownership, accountability, roles and responsibilities of both parties
- ii. Present a clear, concise and measurable description of services offered to the Buyer
- iii. Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with conditions specified
- iv. To ensure that both the parties understand the consequences in case of termination of services due to any of the stated reasons

The Agreement will act as a reference document that both the parties have understood the above-mentioned terms and conditions and have agreed to comply by the same. The Agreement can also be revised/ modified on mutual consent of the stakeholders.

2 Parties to the Agreement

The main stakeholders associated with this Agreement are below-

- i. **Buyer:** The Buyer is responsible to provide clear instructions, approvals and timely payments for the services availed
- ii. **Service Provider:** The Service Provider is responsible to provide all the required services in timely manner. The Service Provider may also include seller, any authorized agents, assignees, successors and nominees as described in the Agreement

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses service level/ deductions in case of non-adherence to the defined terms and conditions. It is assumed that all stakeholders have read and understood the same before signing the document.

3 Scope of Services

This service deals with hiring of facility management services which encompasses all activities related to keeping a complex operating with all its infrastructural and maintenance related requirements. Service Level Agreement for Facility Management Services Lump Sum Basis All Facility Management Services related Contracts/ Agreement placed through GeM shall be governed by following set of Terms and Conditions:			

1. General terms and conditions for Services ("GTC");
2. Service Specific Terms and Conditions ("STC") of the Services contracts shall include the Service Level Agreement ("SLA") for the service;
3. BID / Reverse Auction specific Additional Terms and Conditions ("ATC") as specified by the Buyer.

The above terms and conditions are in reverse order of precedence i.e. ATC supersedes Service specific STC which supersede GTC, whenever there are any conflicting provisions. The above set of terms and conditions along with scope of work and SLA as enumerated in the document shall be construed to be part of the Contract between the Buyer and the Service Provider. The service will be provided in bid only mode.

1 Objectives and Goals

The objective of this Agreement is to ensure that all the commitments and obligations are in place to ensure consistent delivery of services to the Buyer by the Service Provider. The goals of this Agreement are to:

- i. Provide clear reference to service ownership, accountability, roles and responsibilities of both parties
- ii. Present a clear, concise and measurable description of services offered to the Buyer
- iii. Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with conditions specified
- iv. To ensure that both the parties understand the consequences in case of termination of services due to any of the stated reasons

The Agreement will act as a reference document that both the parties have understood the above-mentioned terms and conditions and have agreed to comply by the same. The Agreement can also be revised/ modified on mutual consent of the stakeholders.

2 Parties to the Agreement

The main stakeholders associated with this Agreement are below-

- i. **Buyer:** The Buyer is responsible to provide clear instructions, approvals and timely payments for the services availed
- ii. **Service Provider:** The Service Provider is responsible to provide all the required services in timely manner. The Service Provider may also include seller, any authorized agents, assignees, successors and nominees as described in the Agreement

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses service level/ deductions in case of non-adherence to the defined terms and conditions. It is assumed that all stakeholders have read and understood the same before signing the document.

Service Level Agreement for Facility Management Services

Lump Sum Basis

All Facility Management Services related Contracts/ Agreement placed through GeM shall be governed by following set of Terms and Conditions:

1. General terms and conditions for Services ("GTC");
2. Service Specific Terms and Conditions ("STC") of the Services contracts shall include the Service Level Agreement ("SLA") for the service;
3. BID / Reverse Auction specific Additional Terms and Conditions ("ATC") as specified by the Buyer.

The above terms and conditions are in reverse order of precedence i.e. ATC supersedes Service specific STC which supersede GTC, whenever there are any conflicting provisions. The above set of terms and conditions along with scope of work and SLA as enumerated in the document shall be construed to be part of the Contract between the Buyer and the Service Provider. The service will be provided in bid only mode.

1 Objectives and Goals

The objective of this Agreement is to ensure that all the commitments and obligations are in place to ensure consistent delivery of services to the Buyer by the Service Provider. The goals of this Agreement are to:

- i. Provide clear reference to service ownership, accountability, roles and responsibilities of both parties
- ii. Present a clear, concise and measurable description of services offered to the Buyer
- iii. Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with conditions specified
- iv. To ensure that both the parties understand the consequences in case of termination of services due to any of the stated reasons

The Agreement will act as a reference document that both the parties have understood the above-mentioned terms and conditions and have agreed to comply by the same. The Agreement can also be revised/ modified on mutual consent of the stakeholders.

2 Parties to the Agreement

The main stakeholders associated with this Agreement are below-

- i. **Buyer:** The Buyer is responsible to provide clear instructions, approvals and timely payments for the services availed
- ii. **Service Provider:** The Service Provider is responsible to provide all the required services in timely manner. The Service Provider may also include seller, any authorized agents, assignees, successors and nominees as described in the Agreement

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses service level/ deductions in case of non-adherence to the defined terms and conditions. It is assumed that all stakeholders have read and understood the same before signing the document.

Product Specification for Unbranded 8 30 Watt White LED type						
विनिर्देश Specification	उप-विनिर्देश Sub-Spec	मूल्य Value				
GENERIC	Description of store	Solar Street Light (LED based) consist of white LED luminaire (LED + Driver) rating as per configuration along with Solar PV modules and LiFePo4 battery of given capacity, necessary control electronics, interconnecting wires / cables, module mounting structures, etc. to operate from dusk to dawn				
PV MODULE	Type of PV Module	Only indigenous modules of IEC Tested used. Crystalline high power/efficiency cells used in the solar photovoltaic module				
	Power output of PV Module	≥ 75 Wp at 16.4 ±0.2 Volt at STC				
	PV Module Efficiency	≥ 14%.				
	The open circuit voltage of the PV modules under STC (in volts)	21				
	Certification / Report	Certified by MNRE/NABL authorized test center as per latest edition of IEC 61215 edition II / IS 14286.				
	BIS CRS compliance for PV Module	as per IEC 61215 Edition II / BIS 14286 from NABL or IECQ accredited Laboratory				
	Mnimum warranty period for PV Modules (in Years)	PV module warranted for output wattage ≥ 90% at the end of 10 years and 80% at the end of 25 years				
BATTERY	Type of Battery	Lithium Ferro Phosphate battery (LiFePo4). Operating from dusk to dawn first four hour full brightness, rest of the time at lower level, with motion sensor				
	Battery capacity	≥ 12.8 V (nominal), 30 Ah at STC (1 day autonomy)				
	Cycle/ Current	Battery cycle life 2000 cycle at 80 % discharge				
LIGHT SOURCE	Type of LED (Light source)	30 Watt White LED type				
	LED chip Efficacy (Lumen/watt)	≥135				
	Luminaire System Efficacy - Lumen output - (Lumen/watt)	≥120				
	The color temperature of white LEDs used in the system	5500 degree K – 6500 degree K.				
	The temperature of heat sink	≤ 20 degree centigrade above ambient temperature during operation				
	CRI	> 70 %				
	Lighting quality	Free from glare, flickering and UV				
	Wattage	Power consumption of the LED Luminaire / Lighting unit ≤ 30W (including LED and Driver power loss)				
	Ingress protection	IP65 or better				
	Certification/ Test report	Yes test certificate from MNRE/ NABL accredited labs				
ELECTRONIC COMPONENTS	Provision of Fuses	Fuses provided to protect against short circuit conditions				
	Protection	Full protection against open circuit, accidental short circuit and for reverse polarity provided.				
	The self consumption of the charge controller	≤ 20 mA at rated voltage and rated current				
	Indicators on the system	Provided with 2 LED indicators: a green light to indicate charging in progress and a red LED to indicate deep discharge condition of the battery. The green LED glow only when the battery is actually being charged.				
	Total electronics efficiency	≥ 90 %				
MECHANICAL	A corrosion resistant metallic frame structure to hold the SPV module	Yes. Provided				
	Provision on frame structure	Frame structure have provision that the module can be oriented at the suitable tilt angle				
	Conformity of the specification for Steel tube for street light pole	as per IS:1161:2014 latest				
	Hot dip galvanized
